(B) Conflict of Interest, Human & Animal Rights and Informed Consent for Publications:

1. There is no any conflict between the authors such as for the submission of article in 'RELS', Authors name in manuscript, integrity and accuracy of data, journal process for review/publication and publication charges of journal etc. The name of authors given in articles are the real contributors and on name will not be added or deleted.
2. Submission of a manuscript implies that it has not been published previously (except in the form of an abstract or as part of a published lecture, review, or thesis) or not under consideration for publication elsewhere; that its publication has been approved by all coauthors (if any), as well as by the responsible authorities such as Supervisors, Department, Institution etc.; that the manuscript will not be published elsewhere in any language any form without the consent of the copyright holders; that written permission of the copyright holder is obtained by the authors for material used from other copyrighted sources; and that any costs associated with obtaining this permission are the authors' responsibility.
3. I/ We have full access to all of the data in this study and I take complete responsibility for the integrity of the data and the accuracy of the data analysis. We are fully responsible for the copyrighted material used in article, if any. The reference of copyrighted materials is cited properly. I/ We certify that all financial and material support for the conduct of this study and preparation of this manuscript is described properly.
4. We are agree to transfer copyright of article to the journal 'RELS', if published. The copyright of article will automatically transfer to the journal 'RELS' if paper published, on the behalf of this document.
5. All authors of the manuscript are asked to declare competing interests, if any, in relation to the submission. Competing interests may be financial (such as honoraria; educational grants; participation in speakers' bureaus; membership, employment, consultancies, stock ownership, or other equity interest; and expert testimony or patent-licensing arrangements) or non-financial (such as personal or professional relationships, affiliations, knowledge or beliefs). A competing interest is said to exist when the content of the paper may be influenced by the personal or financial relationship of one or more authors with other people or organizations.
7. Procedures for the ethical use of animals in research work was followed as per International / national standards (in case of animals used in study). If the manuscript contains information regarding to a patient, it should be informed and consent was obtained from the patient or guardian. All photographs of related person should be accompanied by a proper consent for publication, from related person.

I/ we read and agreed with above points and sign the document.
